### DESCRIPTION

For a kitchen workstation with seamless style, find your perfect pair with the Kraus Kitchen Combination, featuring one of our favorite faucets matched with a best-selling double bowl sink. The Nola™ Single Lever Pull Down Faucet has clean lines and a beautifully balanced silhouette that suits any kitchen decor, from classic to contemporary. The high-arch spout design provides maximum space in the sink. For enhanced functionality, the ergonomic dual-function sprayer easily switches between aerated stream and powerful spray, while the flexible smooth-retract hose allows you to easily reach any part of the sink. A slim, flat single-lever handle adds to the streamlined design while providing effortless temperature and flow control. All Kraus faucets are manufactured with top-quality components in order to ensure superior performance and durability. Technology highlights of this model include a Sedal ceramic cartridge for lasting drip-free use, and a best-in-industry Neoperl aerator that reduces water waste without sacrificing pressure. Soft rubber nozzles in the sprayhead prevent hard water and limescale build-up, making maintenance easy. The KBU24 32" Undermount 60/40 Double Bowl Kitchen Sink is constructed from premium 16-gauge T-304 stainless steel for maximum durability, with extra-deep basins to accommodate large dishes with ease. This sink is amply padded on every side with our proprietary NoiseDefend™ sound dampening system. Protective undercoating is applied to further reduce noise and prevent condensation buildup in the base cabinet. The corrosion-resistant surface is additionally protected from rust and oxidation by a meticulous finishing process. Commercial-grade satin finish and gently rounded corners make maintenance as easy as wiping the sink with a damp cloth. For added convenience, several coordinating accessories are included with purchase. The premium stainless steel bottom grid elevates dishes to protect the sink against damage from daily use, while the deep basket strainer keeps food and debris from clogging the drain. This combo also comes with a matching soap dispenser that is refillable from above, and swivels 360° for maximum reach. Experience Kraus Quality with the Kitchen Combination featuring Nola™, and create a kitchen you love.
