WHY KRAUS?

We are committed to quality in everything, from products to packaging to service. Our manufacturing process joins advanced technology with best-in-industry components, rigorous testing, and comprehensive quality control.

Our diverse product portfolio offers a range of choices for design-savvy consumers who want fixtures that create maximum visual impact. We also have options for the budget-conscious consumer, with fixtures that are optimized for easy DIY installation.

The value we provide goes far beyond product quality: with Kraus, you also get reliable service and a customer-friendly experience for the life of your product. Our support team is well versed in every product, and committed to being highly responsive to customer needs. To ensure your complete satisfaction, all Kraus products are also backed by a Limited Lifetime Warranty.

We strive to exceed expectations when it comes to quality, style, and overall experience. When you buy Kraus, you get much more than kitchen and bath fixtures: You get a partner for a lifetime of care. Build your perfect kitchen and bath with Kraus.

KRAUS VESSEL FAUCETS

STYLE & DESIGN

STYLE

The vessel faucet collection features a range of styles from traditional/classically inspired, to transitional, to modern and ultramodern. Thoughtful design details provide style versatility, ensuring that these faucets are at home in any bathroom.

FINISHES

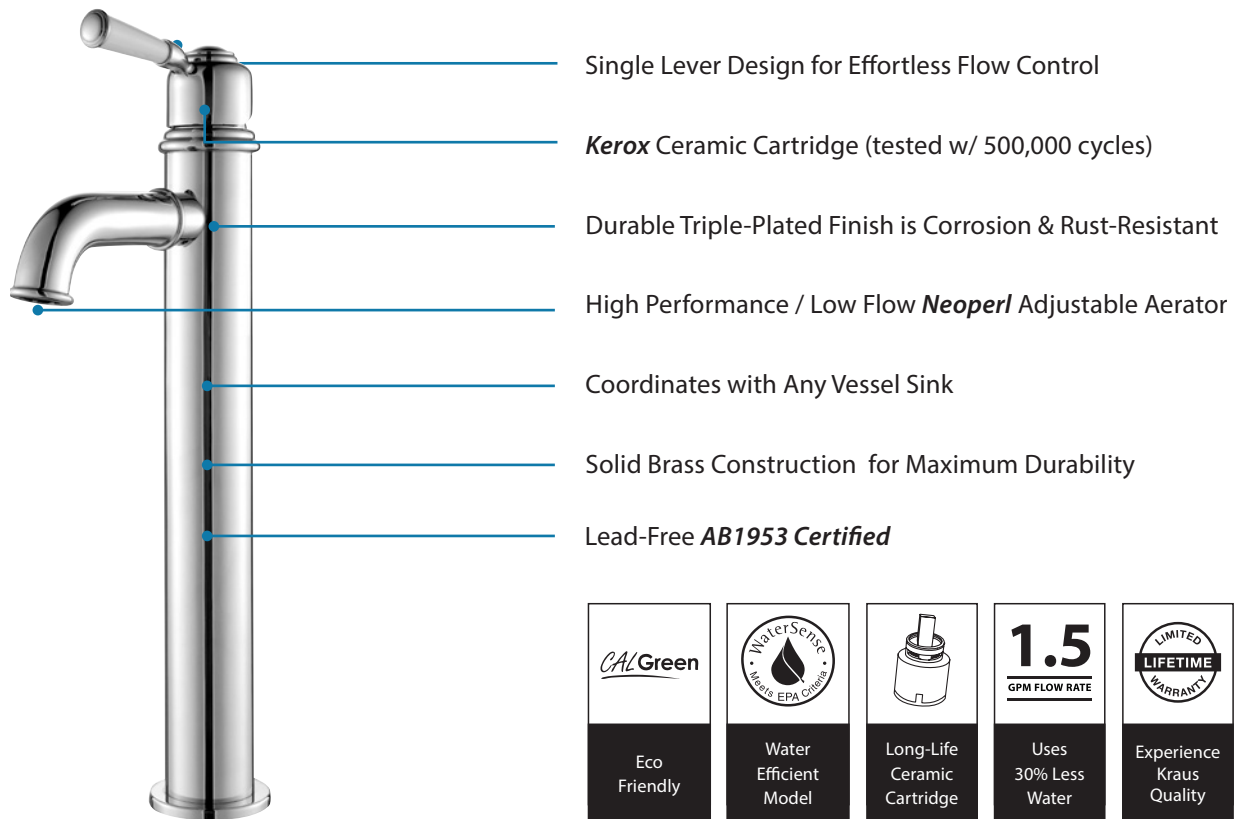

A choice of finishes is available to customize the look of any faucet and coordinate with any décor. Chrome adds a polished modern edge; brushed nickel creates a soft, transitional glow; oil-rubbed bronze provides a hint of vintage flair.

COMPONENTS

Each faucet is created with top-quality components, including high performance soft-touch adjustable aerators to ensure a splash-free stream without compromising water pressure, and best-in industry ceramic cartridges for superior functionality and lasting value.

KRAUS VESSEL FAUCETS

FEATURES & TECHNOLOGIES

Solid brass or all-metal/hybrid construction for maximum durability and lasting use.

Best-in-industry Kerox ceramic cartridge provides reliable drip-free functionality. Ultra-durable component resists wear & corrosion, and is recommended by experts.

All faucets are covered with durable triple-plated finish or PVD coating to ensure a flawless finish that protects the faucet body and creates a brilliant surface that will not fade, tarnish, or chip. Each faucet is tested for wear resistance.

Many models now come with top-quality Neoperl Adjustable Aerators, which reduce water waste and provide the enhanced functionality of a pivoting tip for precise flow control.

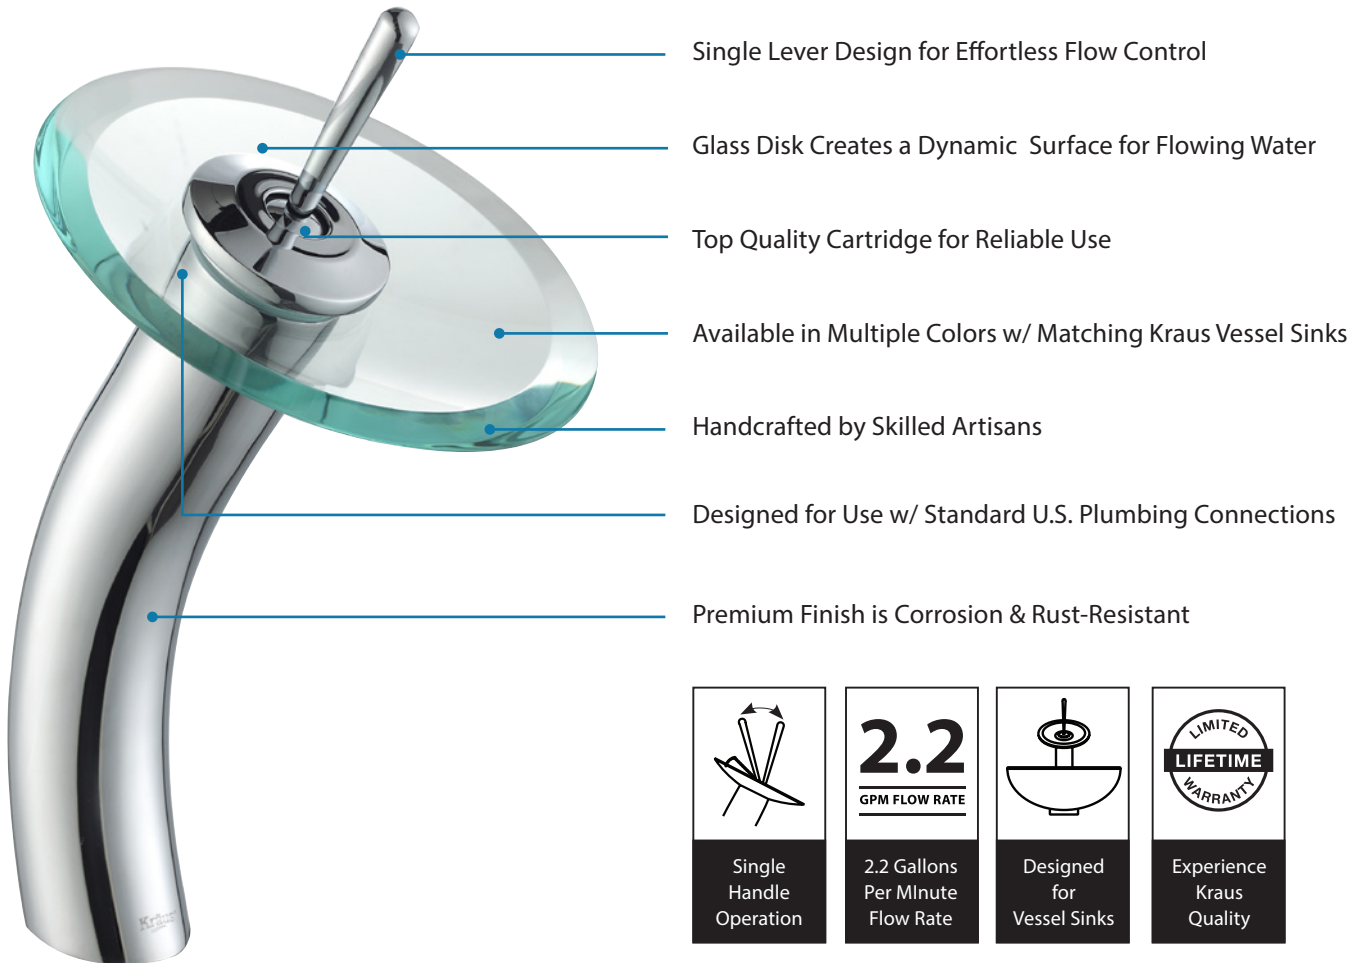

Every Kraus vessel faucet is Water Sense-certified, saving you money by using less water without compromising pressure.

All vessel feature single-lever handles for effortless temperature and flow control.

Every Kraus faucet is distinctively designed, carefully crafted, thoroughly tested, and fully certified.

KRAUS WATERFALL VESSEL FAUCETS

STYLE AND DESIGN

Kraus waterfall vessel faucets create a striking centerpiece for any bathroom, and offer a variety of functional features:

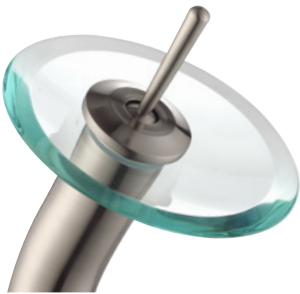

- Ceramic cartridge for lifelong drip-free use.
- Premium, corrosion & rust-resistant finish that will not tarnish or fade.
- The glass faucet disks create a dynamic surface for flowing water, and come in an assortment of colors to match the range of glass vessel sinks.
- Waterfall faucets feature a slim joystick handle, similar to single-lever but with a greater range of motion.

KRAUS WATERFALL VESSEL FAUCETST

FINISHES

Chrome (CH) can be used to create a polished modern look, or a classically inspired aesthetic. This versatile finish looks great in any bathroom, and can bridge the gap between transitional and modern styles.

Brushed Nickel (BN) and **Satin Nickel (SN)** are versatile finishes that can add a soft transitional glow or create a unique industrial-chic look. Both of these finishes are particularly popular in transitional bathrooms.

Gold (G) is a high-impact finish that creates a strikingly luxurious look. It can be used to dress up sleek, simple bathroom décor, or to create an elegantly polished look in a monochrome setting.

Oil-Rubbed Bronze (ORB) provides a hint of vintage flair for any style of bathroom, from classic to contemporary. Kraus ORB is a matte, flat black, creating a unique look with a stylish pop of color.

NOTE: Finish options may vary by faucet model. Please check product information on www.kraususa.com for model-specific details.
